

Invitation to information meeting at CEVT (China Euro Vehicle Technology AB)

When: Monday 2019-05-20 at 16:00 – 18:00

Where: Conference room: Engage 2

Address: Regnbågsgatan 6, ground floor, see map on page 2

CEVT was started in 2013 by Geely to develop platforms for Geely and Volvo Cars. CEVT has now developed a Platform where there are currently 4 different car models being produced. After an intensive period to deliver this production solution CEVT is now developing the engineering organization to be focused on innovation for the Geely companies. CEVT will move into the Geely Innovation Centre that is being built at Lindholmen in Gothenburg.

Agenda points for the Information meeting:

- Presentation of CEVT
- Questions and discussion

A warm welcome to CEVT

Ingemar Johansson

Senior Adviser Chassis Engineering at CEVT

Professor of the Practice at Chalmers
