

Strategy & Consulting Internship 2021

**Are you interested in a career as a consultant?
Then our internship at Accenture Strategy & Consulting
is the perfect start!**

The internship begins November 1st and over seven weeks you will be part of one of our project teams, where you have the same areas of responsibility as a newly graduated consultant. During your internship, you will also receive continuous coaching that will help you develop in the best possible way.

We are looking for future colleagues with great academic results, analytical skills and a genuine interest in problem solving and advisory work. At Accenture, we also value strong social and teamwork skills. To be able to apply, you must have a bachelor's degree and study the first year of your master's degree when you start your internship.

We are reviewing applications continuously but need to receive your application no later than April 18th. If you proceed in the application process, you will be invited to our assessment day.

Attach your CV, personal letter, and GPA transcript to your application. Please note that all these documents are required for a complete application. Only complete applications are reviewed.

Read more and apply via our
