Leadership Program for Women 2022

We welcome you to build an excellent foundation to grow as a leader.

The program consists of an exciting mix of self-leadership and positive psychology exercises that will help you develop a self-aware and balanced leadership style.

During the program, you will be matched with a personal mentor, that will follow you throughout the program and beyond.

Our three interactive half-day sessions will be held both virtually and in person in Stockholm during the spring of 2022.

We welcome applications from students in year 2-4 in all disciplines that identify as women.

[Apply here by December 8](#)
